

Award sweetens the palate at Hyland Express

ROSENALLIS-based freight and transport service provider Hyland Express Cargo has just won a prestigious industry award at the third annual The **Pallet Network** (TPN) awards.

The awards are designed to reward excellence and to raise the standards and public perception of the freight and logistics industry in Ireland. TPN members from around the country voted in the awards, judging their peers on their performance in categories such as on-time delivery, customer service and overall contribution to the national network.

Hyland Express Cargo was awarded the TPN Depot of the Year award for its commitment to excellence in operations and services.

Managing director of Hyland Express Cargo,

Ger Hyland, said: "I am delighted with this award, particularly in this difficult economic climate. The team has worked incredibly hard over the last year and it is great to be recognised by peers in the industry. These awards demonstrate how the transport and logistics industry has radically changed the way it operates and reflects the forward thinking of transport, logistics and freight companies like Hyland Express."

Hyland Express is considered to be one of the most experienced and respected haulage firms in Ireland. Ger, together with Avril Bergin, runs the business and their objective is to provide a diverse range of transport services designed to meet all their customers' requirements.
