TUCKMILL TRANSPORT

TUCKMILL TRANSPORT
 Old Dublin Road, Enniscorthy, Co. Wexford.
 Tel: 053-9232548

TUCKMILL TRANSPORT is continuing to expand despite the competitive nature of their business and their guaranteed next day delivery service is only one of the reasons they are doing so well.

The reason Tuckmill is capable of guaranteeing this next-day deliver is due to it being part of The **Pallet Network** – which is a network of 23 regional hauliers. Being able to collect a pallet anywhere in Wexford, Wicklow or the South East and guarantee next-day delivery offers customers reassurance their goods will arrive on time. We have a wide range of customers and offer them collections as late as 7 o'clock in the evening. This means customers can take orders at 4.30p.m. today and guarantee delivery AM next morning. The company also offers a 48-hour service to and from the UK, a European freight service and a worldwide container service and air freight world wide.

Brendan Morgan explains that being accredited with ISO through the **Pallet Network** means we work to a high standard. Since beginning life in Blackwater the company has expanded so much they opened their centre on the Old Dublin Road in recent years and now offer customers a warehousing facility in their building.

Tuckmill Transport are now licensed freight forwarders and have nine trucks and two vans on the road and employs thirteen staff in total whose flexibility and efficiency make sure the customer always gets their goods in time.

For further information you can contact Tuckmill

Transport on the Old Dublin Road by ringing 053-9232548 or visiting www.tuckmill.ie
